CUSTOMISATION PROCESS

Consultation

During the consultation, customers can discuss their requirements, design preferences, and specific details they want to incorporate.

Design Selection

Customers can choose from a range of design and color options we offer. They can select from existing designs or create a unique look by combining different design elements and colors.

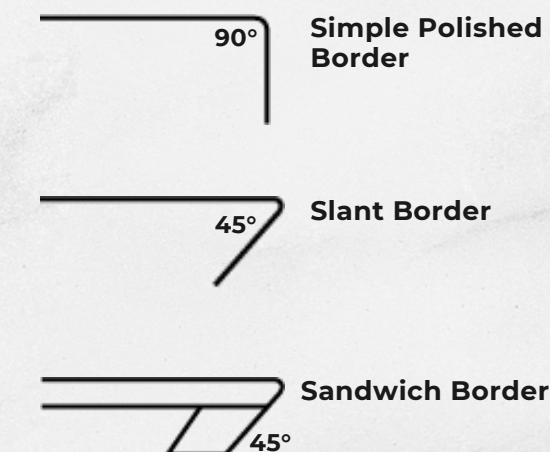

Size & Shape Selection

Customers need to specify the desired size and shape of their ceramic table top to ensure a perfect fit in their space.

Whether the customer's want **round, rectangular, square or custom-shaped** table top, we can accommodate these requirements.

Additional Details

This may include edge profiles, that further enhance the aesthetic appeal of the table tops.

Production & Delivery

After finalizing the design, production will begin. The production time may vary depending on the complexity of customization and workload. Once the table top is completed, it will be delivered to the customer's specified location, based on the minimum order discussed.
